

INTRODUCTORY COURSE

Construction

Building a future in Construction *tradeSKILLS*

About the Course

This course delivers broad-based underpinning skills and knowledge in a range of construction tasks which provides students with an understanding of the industry and the training opportunities that exist in a variety of construction trades. Emphasis is placed on practical activities that involve a range of materials and tools that will be used in the work place.

The introductory nature of this course makes it suitable for Year 10 and Year 11 students wishing to experience aspects of the construction industry.

Classes are full day duration on a fortnightly rotation:

Group A: Odd weeks

Group B: Even weeks

Friday 8.40am - 3.00pm

Students will be allocated a group prior to commencement.

Prerequisites

There are no specific prerequisites for this course.

Uniform Requirements

Students must adhere to all WHS requirements as directed by trainer. The approved RTTC trainee uniform and PPE will be required during all training and SWL.

Students must have good literacy and numeracy skills.

Students will be provided with the following by RTTC through the Uniform Fee:

- High visibility Jonsson work shirt
- Safety glasses
- High visibility work jumper

Additional Personal Protective Equipment (PPE) to be purchased by student prior to commencement:

- Steel cap boots
- Beige work trouser

Structured Work Place Learning (SWL)

Students are encouraged to complete 40 hours of SWL in a construction environment. This will be coordinated through home schools and should be conducted during term breaks or designated work experience times as determined on home school calendars.

Pathways

After completing this introductory course, individuals may continue onto Certificate II courses offered at the Rosewater Trade Training Centre (RTTC).

Support for construction courses is provided by the Construction Industry Training Board (CITB) and the Doorways to Construction (D2C) program.

Course Details
